

Music Practice Journal

*Track Your Progress,
Master Your Craft*

MORE SHINE PRESS

🎵 Your Practice Companion

This journal is designed to help you become a more focused, deliberate, and self-aware musician. Every great musician keeps practice records -- not because they enjoy paperwork, but because reviewing past sessions is the fastest path to mastery.

🎵 The Two-Page Session Spread

Each session uses a **two-page spread**. The left page captures the essentials: date, instrument, piece, composer, duration, focus areas, metronome markings, and key signature. The right page is for your reflection: what went well, what needs work, specific passages practiced, tempo progress, teacher notes, and goals for next time.

🎵 The Weekly Review

After every 5 sessions, a **weekly review page** helps you track total practice time, pieces worked on, breakthroughs, areas needing attention, and a 7-day habit tracker. This is where progress becomes visible.

🎵 How to Practice Effectively

- **Set a goal before each session.** Know what you want to improve before you begin.
- **Practice slowly.** Use the metronome markings to track tempo from start to target.
- **Isolate difficult passages.** Note the bar numbers so you can return to them.
- **Review regularly.** Progress compounds over weeks, not single sessions.
