HOW TO USE THIS JOURNAL

- 1 Record each ride as soon as you finish while memories are fresh. Fill in the fields on the left page, then write your story on the right.
- 2 Use the route sketch area to draw your path, mark checkpoints, or note turn-by-turn directions.
- 3 Rate your rides by difficulty and overall enjoyment. Over time you will discover your favorite routes and conditions.
- 4 Log details about your bikes on the next page so you can track which setup works best for different terrain.
- 5 Use the summary pages at the back to tally your miles, elevation, and memorable moments at season's end.
- 6 This journal fits 35 rides. Carry it in your jersey pocket, handlebar bag, or backpack.

PRO TIP

Take a moment after each ride to jot down not just the numbers, but how the ride made you feel. Years from now, those notes will be the most valuable part of this journal.
