How to Use This Log Book

A quick guide to getting the most out of your pickleball journal

1 Game Result Sheets

Use one page per game. Fill in target, points, your shots, and dinks for each game. The Front 9 and Back 9 tables give you a clean result sheet for all 18 games.

2 Game Statistics

After each game, log your kitchens hit, 3SD, dinks, errors, and net saves. Over the season, these numbers reveal exactly what to practice.

3 Paddle Distances

Fill in your average carry and total distance for every paddle. This chart helps you make confident paddle choices on the venue.

4 Venue Log & DUPR Surface

Record every venue you play with its surface and court type. Track your result game surfaces to monitor your DUPR surface progress all year.

PRO TIP

Fill in your result sheet right after each game while it's fresh. Note what went well and what didn't. By season's end, you'll see exactly where to focus your practice for next year!

Pickleball Game Formats & Betting

Common games to play with your group

★ **Doubles**

Lowest result on each game wins that game. Match is won when one player is more games up than games remaining.

★ **Shot Play**

Total shots for the entire game. Lowest total wins. The most common format.

★ **Skins**

Each game is worth a skin. Lowest result wins it. Ties carry the skin to the next game.

★ **Nassau**

Three separate bets: front 9, back 9, and total 18. Each can be won or lost independently.

★ **Mixed Doubles**

Each player plays their own ball. The best result on the team counts for each game.

★ **Round Robin**

All team members serve off, pick the best shot, and all play from there. Repeat to the game.

★ **Wolf**

Players rotate as the Wolf who chooses a partner (or plays alone) after each serve.

★ **Stableford**

Points by result per game: shutout (4), win (3), target (2), loss (1). Highest total wins.
