

Knitting Project Planner

*Track Every Stitch,
Finish Every Project*

MORE SHINE PRESS

* Your Knitting Companion

This planner is designed to help you stay organized from cast-on to bind-off. Whether you knit sweaters, scarves, socks, blankets, or amigurumi, keeping detailed project records is the key to finishing what you start and repeating what works.

* The Two-Page Project Spread

Each project uses a **two-page spread**. The left page captures the project overview: name, pattern, yarn details, needle sizes, gauge swatch, start and end dates, and a project checklist. The right page is for your notes: stitch pattern details, adjustments made, rows completed per session, problems solved, and what you would do differently next time.

* The Progress Review

After every 5 projects, a **progress review page** helps you reflect on your knitting journey: total time invested, techniques learned, favorite projects, and goals for the next batch.

* Additional Sections

- **Needle & Hook Inventory** -- track every needle and hook you own.
- **Yarn Stash Tracker** -- log your yarn by weight, color, fiber, and yardage.
- **Pattern Library** -- keep a running list of patterns you want to try.
- **Gift Log** -- track handknit gifts and who received them.
