How to Use This Journal

Make every drink a creation worth remembering

WHY KEEP A COCKTAIL JOURNAL?

The best bartenders and mixologists are also the best record-keepers. A journal helps you track what works, refine your technique, and build a personal repertoire of signature drinks. Whether you're a weekend host or an aspiring mixologist, your journal becomes your cocktail playbook.

Tips for Better Cocktails

- 1. Measure everything.** Good cocktails are about balance. Use a jigger for every pour, even when you think you can eyeball it. The difference between a great cocktail and an average one is often a quarter ounce.
- 2. Taste as you go.** Use a straw to sample before you serve. Adjust sweetness, acidity, or strength before the drink leaves your hands. A tiny adjustment can transform a drink.
- 3. Use fresh ingredients.** Fresh citrus juice and quality ice make an enormous difference. Squeeze citrus the day you use it, and never settle for bottled lemon or lime juice in a cocktail you care about.
- 4. Chill your glassware.** A pre-chilled glass keeps your cocktail colder, longer. Pop it in the freezer for a few minutes while you mix. The drink will taste noticeably crisper.
- 5. Record the details.** Base spirit, ratios, method, glass, garnish, and your impression. Note what you'd change next time. Every great recipe started as an experiment.

Pro Tip: When adapting a recipe, change only one ingredient at a time so you know exactly what made the difference.

Base Spirits Guide

Know your foundations

Vodka	Neutral spirit distilled from grain or potato. Clean, versatile, and the base for countless classic and modern cocktails. Carries other flavors without competing. Best for: Martini, Moscow Mule, Cosmopolitan
Gin	Distilled grain spirit infused with botanicals, led by juniper. Adds herbal, floral, and citrus complexity. The backbone of classic cocktail culture. Best for: Martini, Negroni, Gimlet, Gin & Tonic
Rum	Distilled from sugarcane juice or molasses. Ranges from light and crisp to dark and rich. The spirit of tropical and tiki cocktails. Best for: Mojito, Daiquiri, Mai Tai, Dark & Stormy
Tequila	Distilled from blue agave in Mexico. Blanco is bright and agave-forward; reposado and anejo are oak-aged and complex. Essential for Margaritas. Best for: Margarita, Paloma, Tequila Sunrise
Whiskey	Grain spirit aged in oak barrels. Bourbon, rye, Scotch, and Irish each bring unique character. Adds warmth and depth to cocktails. Best for: Old Fashioned, Manhattan, Whiskey Sour
Brandy & Cognac	Distilled from wine or fruit. Cognac is the premier French brandy. Smooth, complex, and elegant in classic and after-dinner drinks. Best for: Sidecar, Brandy Alexander, French Connection
Mezcal	Distilled from agave, traditionally smoked underground. Smoky, earthy, and complex. Adds depth and character to any cocktail. Best for: Mezcal Negroni, Oaxaca Old Fashioned
Liqueurs & Aperitifs	Sweetened, flavored spirits: Campari, Aperol, Triple Sec, Amaretto, St-Germain. Build complexity, sweetness, and color. Best for: Modifiers in countless cocktails

Essential Techniques

Master the fundamentals of mixology

Shake

Fill shaker with ice, add ingredients, seal, and shake vigorously 10-15 seconds. Strain into glass. Use for cloudy, juice-heavy, or egg-white drinks.

Stir

Add ingredients to a mixing glass with ice. Stir gently 20-30 seconds with a bar spoon. Strain. Use for clear, spirit-forward drinks like Martinis and Manhattans.

Muddle

Press ingredients (mint, fruit, sugar) in the bottom of the glass with a muddler to release flavors. Do not crush — gentle pressure extracts oils without bitterness.

Build

Pour ingredients directly into the serving glass over ice. Stir once. Use for highballs and simple mixed drinks like Gin & Tonic.

Blend

Combine ingredients with ice in a blender until smooth. Essential for frozen cocktails like Margaritas, Daiquiris, and Pina Coladas.

Layer

Carefully pour spirits over the back of a spoon so they float on top of each other. Works with liquids of different densities.

Double Strain

Strain through a Hawthorne strainer AND a fine mesh strainer. Removes ice chips and fruit pulp for a silky-smooth drink.

Fat Wash

Infuse spirit with rendered fat (bacon, butter), freeze, then skim solid fat off the top. Adds savory depth to spirits.

Glassware Guide

The right glass makes the right drink

Coupe	V-shaped shallow bowl on a stem. The classic vintage cocktail glass. Best for shaken drinks served 'up' without ice.
Martini Glass	Iconic inverted cone on a stem. Best for spirit-forward, chilled drinks served without ice.
Rocks / Old Fashioned	Short, wide tumbler. Best for drinks served over ice, spirit-forward cocktails, and muddled drinks.
Highball / Collins	Tall, narrow tumbler. Best for mixed drinks with a large proportion of mixer, served over ice.
Nick & Nora	Elegant curved bowl on a stem. A vintage style making a comeback. Best for stirred, spirit-forward drinks.
Hurricane	Curved, tulip-shaped glass. Best for tropical and tiki cocktails, frozen drinks, and large-format serves.
Margarita	Distinctive double-bowl shape with a wide rim for salt or sugar. Best for Margaritas and frozen cocktails.
Snifter	Round bowl that narrows at the top. Best for aged spirits neat, and aromatic cocktails served warm.
