

Every cut teaches a lesson. Every project builds a maker. *This journal captures the knowledge you earn at the workbench — from dimensioned sketches and cut lists to finish schedules and honest cost tracking. Your personal reference library of hard-won woodworking expertise.*

WHAT'S INSIDE

- 40 two-page project logs (blueprint + build record)
- Dimensioned sketch area on every project
- Cut list tables with wood, quantity, and dimensions
- 14 common wood species with Janka hardness
- 12 joinery methods explained
- 9 finishing options and sanding grit guide
- Lumber dimension chart (nominal vs actual)
- Board foot calculator and measurement reference
- Shop safety rules and personal protection guide
- Lumber, sheet goods, and hardware inventory
- Tool inventory checklist (power, hand, jigs)
- Year-in-review favorites and goal-setting pages
- Large 6" x 9" format — easy to write in
