*Take this journal on every camping trip.
In case of emergency, the information above could help first responders.*

HOW TO USE THIS JOURNAL

- 1** Record each camping trip as soon as you arrive or right after setup while details are fresh. Fill in the fields on the left page, then write your story on the right.
- 2** Use the campsite sketch area to draw your site layout, mark nearby trails, or note where you pitched your shelter.
- 3** Rate your trips by difficulty and overall enjoyment. Over time you will discover your favorite campsites and conditions.
- 4** Log details about your favorite campsites on the next page so you can track which spots suit different seasons and setups.
- 5** Use the summary pages at the back to tally your nights, miles, and memorable moments at season's end.
- 6** This journal fits 35 camping trips. Keep it in your gear bin or pack pocket.

PRO TIP

Take a moment after each trip to jot down not just the numbers, but how the campsite made you feel. Years from now, those notes will be the most valuable part of this journal.

GOALS FOR NEXT SEASON

LEAVE NO TRACE

Seven Principles for Outdoor Ethics

1 **Plan Ahead and Prepare**

Know the regulations and prepare for extreme weather, hazards, and emergencies. Schedule your trip to avoid times of high use.

2 **Travel and Camp on Durable Surfaces**

Use established trails and campsites. Walk single file in the middle of the trail. Keep campsites small and at least 200 feet from water.

3 **Dispose of Waste Properly**

Pack it in, pack it out. Inspect your campsite for trash or spilled foods. Deposit solid human waste in catholes 6-8 inches deep, 200 feet from water.

4 **Leave What You Find**

Preserve the past: examine but do not touch cultural or historic structures and artifacts. Leave rocks, plants, and other natural objects as you find them.

5 **Minimize Campfire Impacts**

Use a lightweight stove for cooking and a candle lantern for light. Where fires are permitted, use established fire rings, fire pans, or mound fires.

6 **Respect Wildlife**

Observe wildlife from a distance. Never feed animals. Store food securely and keep wildlife wild. Control pets at all times.

7 **Be Considerate of Other Visitors**

Respect other visitors and protect the quality of their experience. Yield to other users on the trail. Let nature's sounds prevail.
