

There is a quiet joy in watching your garden grow — from the first seed pushing through the soil to the last harvest of the season. This journal gives you the structure to record every planting, every bloom, and every harvest through all four seasons of your gardening year.

- 35 two-page garden entry spreads
- Season and weather tracker
- Companion planting guide
- Garden essentials checklist
- Pest and disease log
- Harvest tracker with weight totals
- Bed layout sketch area with dot grid
- Pocket-size 5" × 8" format for the garden shed
