

Yoga & Meditation Journal

*Track Your Practice,
Nurture Your Inner Peace*

MORE SHINE PRESS

Your Practice Companion

This journal is designed to help you build a consistent, mindful yoga and meditation practice. Every dedicated practitioner keeps records -- not because it is a chore, but because reflecting on your practice is the surest path to inner growth and lasting peace.

The Two-Page Practice Spread

Each session uses a **two-page spread**. The left page captures the essentials: date, day, practice type, duration, location, time of day, and your teacher or source. The right page is for your inner experience: poses practiced, breathwork, meditation length, how you felt before and after, energy and mind-chatter levels, emotions, insights, and gratitude.

The Weekly Reflection

After every 5 sessions, a **weekly reflection page** helps you spot patterns: total practice time, breakthrough moments, challenging poses, the week's theme, and what to focus on next.

Guidelines to Follow

- **Fill it in right after practice**, while the experience is still fresh in body and mind.
- **Be honest**. Record how you truly felt, not how you wish you had felt.
- **Reflect weekly**. Patterns emerge over many sessions.
- **Set intentions monthly**. Clarity of purpose deepens every practice.
